2026

Servicing all of South East QLD & Northern NSW

WHO WE ARE

At **Burly Holdings**, we deliver enduring landscape environments that enhance the connection between people, place, and nature. Built on a commitment to quality and sustainable outcomes, we have established a strong reputation as one of South East QLD and Northern NSW's most trusted **commercial landscaping partners, providing integrated design, construction, and maintenance services.**

Our experienced team brings deep technical capability and a thorough understanding of the development and construction sectors. From large-scale subdivisions to the ongoing management of public open space, we operate with a focus on safety, efficiency, and consistently high standards of delivery.

We believe great landscapes don't just look good — they perform, endure, and enhance the communities they serve.

OUR VISION

To be a recognised leader in delivering innovative and sustainable landscape services that enhance the way people experience their environments.

OUR CORE SERVICES

Landscape Construction
Delivering commercial landscape projects with precision and care.

Landscape Maintenance
Ensuring every space continues to thrive long after completion.

Lot Packages
Turnkey landscaping for residential developers and builders.

Civil and Landscape Watering
Efficient water cart services through Aqua Water Trucks.

Commercial & Civil Fencing
In-house fencing team delivering a wide variety of fence types.

INDUSTRY ACCREDITATIONS

Quality, safety, and compliance are the foundation of everything we do. Burly Holdings holds key industry accreditations and memberships that demonstrate our commitment to professionalism, continuous improvement, and trusted delivery.

OUR ACCREDITATIONS INCLUDE

CM3 Prequalification
meeting rigorous safety and risk management standards.

Local Buy Prequalified Supplier
approved to deliver landscaping and maintenance works to local government entities.

UDIA Member
(Urban Development Institute of Australia)
aligning with industry best practice and sustainable community outcomes.

Landscape Queensland Member
supporting the advancement of the landscaping industry in Queensland.

These accreditations ensure that every project we undertake is backed by robust systems, qualified personnel, and a deep understanding of regulatory and client requirements.

CONSTRUCTION

Burly Holdings delivers end-to-end commercial landscape construction services, from initial site establishment through to project handover. We collaborate closely with leading developers, builders, landscape architects, and civil contractors to deliver projects that accurately realise design intent and meet project, environmental, and stakeholder requirements.

Our team has proven capability across a broad range of project sectors, including residential developments, commercial precincts, education facilities, public infrastructure, and civic spaces. Supported by robust planning, coordinated delivery methodologies, and a strong safety and quality framework, we consistently deliver projects on time, within scope, and to the highest standards of safety, quality, and compliance.

OUR CONSTRUCTION CAPABILITIES INCLUDE:

- Parks
- Streetscapes and entry roads
- Rehabilitation works and basins
- Sports fields
- Lot packages
- Residential and commercial developments

Every project is delivered with a strong focus on sustainability, quality, and long-term performance. At Burly Holdings, we don't just build landscapes - we build landscapes that last.

MAINTENANCE

Our Landscape Maintenance services ensure every environment continues to thrive long after handover. Through tailored maintenance programs, we protect your investment and uphold the highest presentation standards year-round.

Burly Holdings' dedicated maintenance teams deliver scheduled services supported by modern equipment, real-time reporting and a proactive approach to site care. We manage all aspects of landscape maintenance, ensuring every space remains safe, functional and visually appealing at all times.

OUR MAINTENANCE SERVICES INCLUDE:

- Mowing and edging
- Pruning
- Weed management
- Irrigation servicing and maintenance
- Turf and garden maintenance
- Pest and disease treatment
- Mulch replenishments
- Site clean-ups and reporting

Our team's attention to detail and responsive communication give clients peace of mind that every landscape is performing at its best.

LOT PACKAGES

Burly Holdings offers a complete Lot Packages service designed to support residential developers and builders in delivering high-quality, market-ready lots. We understand the importance of consistent presentation and compliance with estate landscaping standards.

Our scalable solutions streamline the delivery of front-lot landscaping packages across new communities, helping developers meet handover requirements and uphold their estate's reputation. Each package is carefully designed for visual appeal, low maintenance, and long-term sustainability.

OUR LOT PACKAGE CAPABILITIES INCLUDE:

- Turf installation
- Garden bed installation
- Irrigation systems
- Garden edging, paving & decking
- Planting selections to developer guidelines
- Mulching, decorative finishes, and clean-up
- Various fencing & retaining wall options.
- Fast turnaround and consistent quality

With strong communication and efficient coordination, we make it easy for developers to meet deadlines and maintain high standards across every home site.

WATER CARTS

As part of the Burly Holdings group, Aqua Water Trucks provides professional civil and landscape watering solutions across South East Queensland and Northern NSW. Our fleet of modern, well-maintained water carts support a wide range of construction and landscaping projects, ensuring reliable, cost-effective service.

From dust suppression and site compaction to large-scale landscape project watering, Aqua Water Trucks is trusted by civil contractors and landscape professionals for efficiency and dependability. Being part of Burly Holdings enables seamless coordination with our landscaping teams, ensuring timely delivery and consistent standards across every project.

OUR WATER CART SERVICES INCLUDE:

- Landscape watering
- Dust suppression and site watering
- Road works and compaction support

With experienced operators, compliant equipment, and flexible scheduling, we deliver safe, reliable, and environmentally responsible water solutions to every site.

FENCING

Burly Holdings delivers complete commercial and civil fencing solutions across Southeast Queensland and Northern New South Wales. With our own in-house fencing team, we manage the supply and installation of each fencing package, either as a standalone service or as part of our broader landscape construction works.

We work closely with developers, builders, civil contractors, local authorities and landscape architects to deliver durable fencing solutions for residential developments, commercial precincts, public spaces and civil infrastructure projects.

OUR FENCING SERVICES INCLUDE:

- Timber paling, batten & feature fencing
- Colorbond & metal fencing
- Chainwire & security fencing
- Tubular steel, aluminium & garrison fencing
- Acoustic & privacy fencing
- Rural & agricultural fencing
- Sports court & public space fencing
- Pedestrian & vehicle fencing
- Retaining walls
- Painting & coatings
- Custom fencing

Our team carefully coordinates procurement, installation and site requirements to ensure every project is completed safely, efficiently and in accordance with approved drawings and specifications.

RECENT PROJECTS

Lilywood Landings, Caboolture
Full landscaping and maintenance delivery for a major residential development, including streetscapes, open spaces, and irrigation systems.

Home Focus, Pimpama
Commercial landscaping for a retail and commercial precinct, creating functional, high-impact green spaces that elevate the development's appeal.

The Outlook, Gleneagle
Landscape construction for a new master-planned community, focused on sustainable planting and natural aesthetics.

Parkside Yeronga
High-end streetscape project including new footpaths and a variety of softscape elements.

WHY CHOOSE BURLY HOLDINGS?

With a proven record of quality and performance, Burly Holdings continues to set the standard in commercial landscaping excellence across the region.

Reliable & Professional
We pride ourselves on consistent delivery, transparent communication, and a hands-on approach to project management. Our clients trust us because we do what we say we'll do — every time.

Tailored Solutions
No two projects are alike. We work closely with each client to understand their objectives, budgets, and timelines, delivering tailored solutions that meet practical needs and exceed expectations.

Sustainable Commitment
Sustainability guides our design and construction approach. We promote water-efficient irrigation, resilient planting, and environmentally responsible practices to ensure landscapes thrive long-term.

Real-Time Reporting & Communication
Our clients benefit from open communication, progress updates, and responsive service throughout every stage of delivery. We value collaboration and transparency as the key to successful partnerships.
